TRADITION & EXPERIENCE

DIEDERICHS

Karosserieteile GmbH

The firm DIEDERICHS Spare-parts Ltd. was founded by Holger Diederichs in the Netherlands in 1967. After several changes of location the head office of the firm has been in Bad Bentheim since 2001.

In second generation Jan Christian Diederichs worked as a managing director with Holger and Ingrid Diederichs since 2001. In 2014 Holger and Ingrid Diederichs started their well-earned retirement from day-to-day business and since then they have been available as their son's advisor.

Today we keep c. 100 employees occupied. Having grown as a supplier for more than 14,000 workshops and car dealers, with the change in the aftermarket we have developed into a commercial supplier for basic trade, wholesale trade, and shopping associations.

The enterprise has at its disposal a wide international supply portfolio, which is certified by TUV, Capa, or Thatcham. More than 36,000 different articles can be ordered online as well as over the phone.

„This year alone numerous jobs were created, thus e. g. in the fields of purchasing and category management. This is the only way to take up the modern challenges of a changed spare-part market“, Jan-Christian Diederichs explains referring to the permanent growth of his business.

1967

Holger Diederichs founded the firm Holger Diederichs Spare-parts in Lichtenvoorde (NL).

1971

Move to Oldenzaal (NL)

1977

New building Apeldoorn (NL)

1981

Move to Gildehaus

DIEDERICH'S

Karosserieteile
& Beleuchtung

In **1967**, with the foundation of the enterprise, Holger Diederichs started the sale of spare-parts. To this day selling spare-parts is still the core activity of Diederichs. By 50 years of experience in the fields of spare-parts & lightning and a careful selection of the suppliers we make possible the sale of high-quality spare-parts comparable to original parts.

Selection from our bodywork programme

- Spare-parts
- Lightning
- Front-Shields

Diederichs Tuning & Refinement

DIEDERICHS *Climate*

In **2016**, our youngest make of Diederichs-Climate went to the market. With this we cover the full range of all the current cooling and climate products. It is the high product quality that is given priority. We exclusively cooperate with suppliers, who we know and who we trust. All the parts are developed in cooperation with the suppliers and thus are constantly optimized

Selection from our Climate Programme

- Kompressors
- Condensors
- Drier
- Accumulator
- Expansion Valve
- Evaporator
- Pressure Switch
- Radiator
- Charge Air Cooler
- Cooling Module
- Heater Core
- Cabin Air Filters
- Oil Cooler
- Cooling Fan

QUALITY

QUALITY, SERVICE & RELIABILITY WITH DIEDERICHS HAVE HIGHEST PRIORITY

- Our experienced quality section tests the spare-parts in vehicles in spot checks.
- Quality control at the suppliers on the spot.
- Our well-trained sales staff gives you professional advice for open questions.
- Daily mail-order business
- Low rate of complaints.

2004

New building of sheds 8 + 9: enlargement of the storage area with 6,500 sqm

628 pages

2008

New building of shed 10: enlargement of the storage area with 14,800 sqm.

Holger & Ingrid Diederichs retire from the day-to-day business. J.-Chr. Diederichs becomes the only managing director.

- 1) Expansion of the product portfolio with the make Diederichs Climate
- 2) Expansion of the office area for the section of purchasing / category management
- 3) Protection of the make DIEDERICHS throughout Europe.
